Wisdom
WEDNESDAY

Today's nugget:

In the world of software,
quality is not a luxury; it's a
necessity.

Why Quality is
Non-Negotiable

Bugs never
take a day off!

User
experience
is your silent
brand
ambassador!

Quality today
ensures
relevance
tomorrow!

Quality Engineering Advice:

Prioritize quality at every stage
—think of it as an investment in
your software's legacy!
